**11/15/21**

*Item:* **Ice Park Agreement for Use of Land**

*No.* **5.8**

## SUMMARY OF REQUESTED ACTION:

The City Parks and Recreation Department is planning to create the Ice Climbing Park west of Sugarloaf, for the 2021-2022 climbing season.

In order to bring water to the ice park location the City needs access through private property. The City will use a fire hydrant located on East Garvin Heights Road and cross a portion of the property owned by Scott and Deb Birdsall. From the Birdsall property the water line will then access City property up to the ice park.

Staff has drafted an agreement for the use of the Birdsall's land; it is attached for review. Scott and Deb Birdsall are in agreement with the use of their property.

If Council concurs a motion to direct the Mayor and City Clerk to execute the agreement would be in order.

**Department Approval:**

**City Manager Approval:**
