

PLANNING COMMISSION

AGENDA ITEM: 4. Final Plat Review – Port Authority Second Subdivision

PREPARED BY: Carlos Espinosa

DATE: January 24, 2022

A portion of 58 Johnson Street is proposed to be split from the larger parcel and sold to the Winona Port Authority (see below). The Port Authority would then use the parcel for parking – potentially related to future commercial/residential mixed-use development at 60 Main Street. Director of Community Development, Lucy McMartin, will be in attendance to help answer any questions about the 60 Main Project. Staff would recommend approval of the final plat.
